Subject: ISSUING OF CERTAIN ORDERS FROM CHAMBERS

In an effort to address some of the concerns communicated to us by the Law Society in their letter of 31 July 2014, I urge all managing judges to encourage practitioners to approach them in chambers for the issuing from chambers of the following orders:

1. Case plan orders in terms of rule 23(2);
2. Initial referral orders in terms of Registrar's Note 3(3);
3. Mediation referral orders in terms of Registrar's Note 3(11).

It is hoped that if we take the above approach, the weekly case management rolls will be much more manageable than they are at present.
